 **Home:** People Shaheen Colony, 48090 Talagang (Pakistan)

ABOUT ME

I am a web developer. The development of websites has always piqued my curiosity. I progressed from basic HTML/CSS to React.js, framer motion, tailwind CSS before working on Next.js. In order to manage both frontend and backend, I have some experience with Node.js, Express.js, PGSQL, and Postman.

To utilize my knowledge, to improve my practical skills, to assure successful career and fully utilize my skills to achieve organization's goals I would like to work in this domain to build a reputable challenging position in Information Engineering Technology field.

WORK EXPERIENCE

 **NAYATEL** – Islamabad, Pakistan

City: Islamabad | Country: Pakistan

Web application developer

[23/09/2024 – 30/05/2025]

I worked as a front-end developer at NAYATEL, creating responsive, user-friendly web interfaces and collaborating with designers and back-end teams to deliver optimized, visually appealing projects.

EDUCATION AND TRAINING
